3.2 DISCUSSION AND ACTION – X Development Funding Request Application

City Manager Ezra Nair will present an application from X Development requesting assistance from the RDA to help pay for site enhancements. The RDA Board will take appropriate action. *(This item was continued from the May 11, 2022 RDA Board meeting.)*

 Chair Fullmer turned the time over to RDA Director Jacob McHargue.

 RDA Director Jacob McHargue reviewed the changes to the proposal. He also reviewed the stipulations listed on his staff report. He noted that staff had met with the developers to discuss the proposal.

 Chair Fullmer called for questions from the board.

 Eric Towner with X Development stated that with the approval of the staff recommendations they would be able to comply with the Department of Environmental Quality's (DEQ) requirements. He said that they were seeking assistance with a containment measure for the Topgolf property. He felt that this development would bring sales tax revenue, jobs, entertainment, and other revenue to the city. He noted that they wanted to place a requirement on Topgolf to complete construction this year. He said that, because of the revenue that would be generated, Topgolf had asked for full cost reimbursement for the containment measures and extend the reimbursement out a couple of years to a total of \$900,000.

 Mr. McHargue felt that the board could change one of the requirements from being open in 2022 to being issued the certificate of occupancy in 2022. He said that the proposal was to payback 75 percent of the costs, which was typical for most remediation contracts. There was a discussion about the difference in percentages and tax revenues. There was a brief discussion about other projects that were being reimbursed by the RDA.

 Boardmember Welsh felt that the infrastructure they were asking for met the standards they had set for the city. She said that she liked the idea of setting a precedent on environmental remediation. She stated that she was open to incentivizing the infrastructure and only reimbursing 75 percent of the environmental. There was a discussion about incentivizing infrastructure.

 Boardmember Sifuentes stated that she was comfortable with the 75 percent for environmental remediation but was not sure about reimbursement on the pedestrian gathering portion.

96  Boardmember Flake stated that he would approve 75 percent but no more. HE said that his
97 interpretation of the RDA was taking tax money from every community in the valley to facilitate
98 the growth of the community, not the economic growth. There was a discussion about economic
99 value of the project.

100
101  Boardmember Rasmussen asked what the difference would be if they funded 100% of the
102 ask. Chair Fullmer replied that they could say they would fund 100% of the environment but not
103 the gathering portion. The was a discussion about tax increment.

104
105  Mr. McHargue felt that 75 percent was all the assistance they could give from the RDA. If
106 they wanted to tie them down on the infrastructure, they could fund 100 percent over five (5) to
107 seven (7) years. There was a discussion about funding the pedestrian amenities.

108
109  Mr. Towner stated that his biggest issue was to get the certificate of occupancy issued this
110 year. He thought that they could share the costs on the infrastructure and reduce it five (5) years.
111 If they wanted to add a public gathering space then they needed to incentivize to the full amount
112 as well as the pedestrian gathering space, lighting, etc. He reviewed the locations of the pedestrian
113 gather space, crossings, and lighting plan. There was a discussion about the gathering spaces.

114
115  Boardmember Sifuentes asked if they would be installing security cameras in the parking
116 lots. Mr. Towner replied that security cameras were being installed on the buildings pointing out
117 towards the parking lot.

118
119  There were discussions about the reimbursement costs using difference percentages and
120 which amenities they should incentivize. Boardmember Sifuentes asked what amenities they
121 could include if they gave them 87.5 percent.

122
123  Mr. Towner felt that they could install the additional crosswalks, the street lighting, the
124 pedestrian crosswalk down the center of the parking lot. He suggested that they leave out the
125 expanded gather space. There was further discussion about the amenities. Mr. Towner said that he
126 would like to see Topgolf being required to add a miniature golf course. The discussion
127 continued.

128
129  Mr. McHargue reviewed the stipulations and suggested adding a third stipulation. Mr.
130 Towner suggested that all the \$500,000 and future increment be subject to Topgolf getting a
131 certificate of occupancy this year.

132
133  Chair Fullmer asked if they did not want to incentivize some of the amenities to the
134 environmental would the amenity go away. Mr. Blakesley replied that they would be paying for
135 the environmental and connecting it with requirements that there be certain conditions. Unless
136 they had an agreement demanding those conditions then the developer would not be bound to
137 include the conditions. Chair Fullmer felt that they should do the agreement as a match.

138
139  Mr. Blakesley reviewed the amenities that had been discussed: Crosswalks in the parking lot
140 and across the street; environmental work; pedestrian level lighting; putting course; outdoor
141 amenities that would be open to the public; and a general description of the facility. Mr. Towner
142 explained that it would be a golf entertainment venue featuring a 72-bay facility, with full-service
143 food and beverage, outdoor gathering space open to the public, a miniature golf course, 23
144 pedestrian sidewalk light poles, a pedestrian pathway in the middle of the main parking field , an

additional crosswalk to the north of the main parking lot.

 Mr. McHargue explained that the initial application was for the environmental and infrastructure at \$4.3 million. If they wanted to look at it as a match it would be around 70 percent of the total application cost.

 Chair Fullmer called for further comments.

 **Motion:** BOARDMEMBER WELSH MOVED TO APPROVE THE RDA APPLICATION AT 87.5 PERCENT WITH A CAP AT \$790,122 WITH \$500,000 IN UPFRONT COST BEING PAID OUT UPON DEVELOPER RECEIVING THE CERTIFICATE OF OCCUPANCY AND REMAINING COSTS PAID OVER FIVE YEARS, WITH THE STIPULATIONS AS PRESENTED:
STIPULATIONS:

1. THE AVAILABLE INCREMENT IS SUFFICIENT TO COVER THE ANNUAL PAYMENTS EACH YEAR, IF IT IS NOT, ANY REMAINING AMOUNT DUE WILL ROLL OVER TO THE FOLLOWING YEAR.
2. ALL THE INCREMENT TIED TO THE REIMBURSEMENT ONLY PAID OUT IF THE FACILITY RECEIVES A CERTIFICATE OF OCCUPANCY IN 2022.
3. THE DEVELOPMENT WILL CONSIST OF A GOLF ENTERTAINMENT VENUE FEATURING A 72-BAY FACILITY, WITH FULL-SERVICE FOOD AND BEVERAGE, OUTDOOR GATHERING SPACE OPEN TO THE PUBLIC, A MINIATURE GOLF COURSE, 23 PEDESTRIAN SIDEWALK LIGHT POLES, A PEDESTRIAN PATHWAY IN THE MIDDLE OF THE MAIN PARKING FIELD , AN ADDITIONAL CROSSWALK TO THE NORTH OF THE MAIN PARKING LOT.

BOARDMEMBER RASMUSSEN SECONDED THE MOTION. ROLL CALL WENT AS FOLLOWS: CHAIR FULLMER, BOARDMEMBERS RASMUSSEN, SIFUENTES AND WELSH VOTED YES. BOARDMEMBER FLAKE VOTED NO. THE MOTION CARRIED FOUR (4) TO ONE (1).

4. ADJOURNMENT

 Chair Fullmer called for motion to adjourn the meeting.

 BOARDMEMBER SIFUENTES MOVED TO ADJOURN THE MEETING AT 8:15 PM. BOARDMEMBER RASMUSSEN SECONDED THE MOTION. CHAIR FULLMER, BOARDMEMBERS FLAKE, RASMUSSEN, SIFUENTES, AND WELSH VOTED YES. THE MOTION CARRIED UNANIMOUSLY.

VINEYARD RDA REPORT

Meeting Date: 6-29-2022

Agenda Item: 2.2 Water Distribution Pipeline Project Phase 1 Bid Award

Department: Public Works

Presenter: Chris Wilson

Background/Discussion:

Staff is working with Hansen, Alan & Luce Engineers (HAL) and JUB Engineers on the design of the city water tank and pipeline improvements. We have completed our bidding process for the Phase 1 Water Distribution Pipeline. This phase of the project will complete the distribution pipeline network from the water tank and booster pump station to the CUWCD water source connections on 1600 North and 800 North. We pre-qualified 7 contractors to bid on the project and received 4 bids. Bids were received for several options that included material types and additive options. Staff proposes to award this project based on the Bid Option 2 Additive to the low bidder, Landmark Excavation, with a 10% contingency to cover any supplemental work or unforeseen change orders to the project. Also proposed with this contract is a time and material provision to allow for the adjustments to cost of materials, not to exceed the designated amount, to account for the unknowns of the market. This was intended to help reduce bid inflation and will also benefit the city if the material costs decrease. The funding for this project will come from RDA, grant funds, and a proposed water revenue bond.

Fiscal Impact:

Dry Creek Structures	\$ 12,115,466.00
Contingency (10%)	\$ 1,211,546.00
Time and Material Provisions	\$ 1,050,000.00
Total	\$ 14,377,012.00

Recommendation:

Motion to Approve

Sample Motion:

I move to award the Vineyard City Phase 1 Water Distribution Pipeline project to Landmark Excavation, approve the proposed budget, and allow staff to execute the project contract with the contractor; Resolution U2022-03.

Engineer's Recommendation of Award and Contractor Bid Summary

Notice Of Award

RESOLUTION U2022-03

A RESOLUTION OF THE VINEYARD REDEVELOPMENT AGENCY BOARD AWARDING THE BID TO THE QUALIFIED BIDDER, LANDMARK EXCAVATION, FOR PHASE 1 OF THE CONSTRUCTION OF THE WATER DISTRIBUTION PIPELINE.

WHEREAS, Redevelopment Agency Board has recently determined the need for the construction of the Water Distribution Pipeline; and

WHEREAS, the city staff has issued a Request for Proposals and now desires to award the bid; and

WHEREAS, after consideration of all bids filed, and attached hereto as Exhibit A and incorporated herein by reference, it was determined that Landmark Excavating is the best bidder for the Water Distribution Pipeline Project.

NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF VINEYARD AS FOLLOWS:

Section 1. The bid be awarded to Landmark Excavating for the construction of Phase 1 of the Water Distribution Pipeline Project and that the contract for the construction of same is now awarded to said contractor in the total amount of \$14,377,012.00.

Section 2. That city staff are hereby authorized and directed to execute the contract with the contractor for Phase 1 of the Water Distribution Pipeline Project.

Section 3. Severability. If any section, part or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution, and all sections, parts and provisions of this Resolution shall be severable.

Section 4. Effective Date. This Resolution shall become effective immediately upon its approval by the Redevelopment Agency Board.

Passed and dated this 29th day of June 2022.

RE: Vineyard City Phase 1 Water Distribution Pipeline Recommendation of Award

Dear Chris,

We have tabulated the bids opened on Thursday, June 9, 2022 at 2:00 p.m. for the above project. We had four bidders submit bids. All of the bids read at the bid opening were the same as that resulted from the bid tabulation. The bid tabulation is attached.

After discussing the bids, City staff favored bid option "2 Add" for the following reasons:

1. It includes ductile iron rather than PVC for large diameter pipes, which is significantly less expensive (by more than \$1,100,000) and preferred for large diameter pipes.
2. It includes HDPE rather than ductile iron for piping under the railroad and highway crossings, which is preferred, though more expensive (by about \$100,000).
3. It includes the additive options, which were considered worth the additional cost (less than \$100,000).
4. It does not include the deduction offered by the low bidder for three additional months of contract time (\$5,000), since it is less than the cost of additional construction contract administration.

The low bidder for option "2 Add" is Landmark Excavation, Inc. at \$12,115,466.00. Our Opinion of Construction Cost for the project was \$14,004,037.00. Their bid is \$1,888,571 (13.49%) lower than the Opinion. The contract documents include a materials price contingency pay item with a cap of \$1,050,000.00. The total of the Landmark Excavation, Inc. bid and the materials price contingency pay item is \$13,165,466.00, which would be the contract amount.

Landmark Excavation, Inc. has successfully completed projects for Vineyard City in the past. We recommend that the City accept their bid and award them the project.

We have prepared the Notice of Award and attached it to this letter. If the City Council awards the Contract, please have the Notice of Award signed and return an electronic copy to us.

Please let us know of the Council's decision and we will proceed in accordance with the direction given.

We are happy to answer any questions you may have.

Sincerely,

Michael J. Cope, P.E.

VINEYARD CITY COUNCIL-RDA REPORT

Meeting Date: 6-29-2022

Agenda Item: 2.3 Bid award for Special inspections for the 6MG Water Tank and Pump Station

Department: Public Works

Presenter: Chris Wilson

Background/Discussion:

With the construction of the 6MG Water Tank and Booster Pump Station, a third-party special inspector is required and to be provided by the owner. We have completed our Request for Proposal (RFP) process for the special inspections of tank and booster pump station project. We received 5 contractor bids for this work and recommend award of contract to the low bidder with a complete and qualified submittal, Terracon Consultants. The cost of this contract will be covered by the 10% contingency applied to awarding of 6MG Water Tank and Booster Pump Station.

Fiscal Impact:

Tank Contingency Balance	\$ 1,595,566.00
--------------------------	-----------------

Special Inspections	\$ 45,870.00

RESOLUTION U2022-4

A RESOLUTION OF THE VINEYARD REDEVELOPMENT AGENCY BOARD AWARDING THE BID TO THE QUALIFIED BIDDER, TERRACON, FOR SPECIAL INSPECTIONS FOR THE 6 MG WATER TANK AND BOOSTER PUMP STATION

WHEREAS, Vineyard Redevelopment Agency Board has recently determined the need for Special Inspections for the 6 MG Water Tank and Booster Pump Station; and

WHEREAS, city staff has issued a Request for Proposals and now desires to award the bid; and

WHEREAS, after consideration of all bids filed, and attached hereto as Exhibit A and incorporated herein by reference, it was determined that Terracon is the best bidder for the Special Inspections for the 6 MG Water Tank and Booster Pump Station.

NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE VINEYARD REDEVELOPMENT AGENCY BOARD AS FOLLOWS:

Section 1. The bid be awarded to Terracon for the Special Inspections for the 6 MG Water Tank and Booster Pump Station and that the contract for the same is now awarded to said contractor in the total amount of \$45,870.00.

Section 2. That city staff are hereby authorized and directed to execute the contract with the contractor for the Special Inspections for the 6 MG Water Tank and Booster Pump Station.

Section 3. Severability. If any section, part or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution, and all sections, parts and provisions of this Resolution shall be severable.

Section 4. Effective Date. This Resolution shall become effective immediately upon its approval by the Vineyard Redevelopment Agency Board.

Passed and dated this 29th day of June, 2022.

VINEYARD RDA STAFF REPORT

Meeting Date: 06-29-2022

Agenda Item: 3.1 Center Street Trailhead Parking Betterment Agreement

Department: Community Development Department, Engineering Department

Presenter: Naseem Ghandour, P.E.

Background/Discussion:

City Council approved the City Staff request for a parking solution for the Center Street Trail Head.

City Staff was requested to develop a parking solution for the high use of the Center Street Trail Head, located west of 300 West and Center Street intersection in Vineyard City.

The request was driven by the complaints from residents regarding trail users' cars parking along the 300 West, a collector road with no on or off-street parking, and trail users' cars parking in the adjacent neighborhood blocking residents from utilizing their street and creating traffic and public safety concerns.

City Staff estimated that trail users' cars approximate to an average of 20 to 40 cars at the early days of Spring, with those numbers estimated to increase as the warmer weather allows for more residents, visitors, and families to utilize the city's waterfront trail system and parks.

City Staff engaged with Home Center Construction, the contractor who is currently developing and building new neighborhoods located directly east of the Center Street Trail Head to seek a solution to provide off-street parking for the city's trail users. Home Center Construction provided a preliminary design (*Attachment B*). This proposal requires Home Center Construction to alter their city approved development plans. Home Center Construction has agreed to charge the city for the improvements at the cost above what they would have spent (\$27,428) based on the approved design (*Attachments C & D*).

The proposed solution will add forty-eight (48) parking stalls in an area closest to the Center Street Trail with 24 stalls located along the north parking lot and 14 stalls located along the south parking lot. Additionally, City Staff will provide ADA improvements to the current parking located at the trail head.

VINEYARD RDA STAFF REPORT

VINEYARD RDA BOARD STAFF REPORT

Meeting Date: June 29, 2022

Agenda Item: 3.3 Vineyard RDA Fiscal Year 2022-2023 Budget

Department: Finance

Presenter: David Mortensen, Finance Director

Background/Discussion:

Utah Code Section 17C-5-302 requires that a community reinvestment agency adopt an annual budget. The Vineyard RDA has typically adopted the final RDA budget on the same night that the Vineyard Municipal Council adopts the city budget. RDA Staff recommends the adoption of the Vineyard RDA Fiscal Year 2022-2023 Budget as outlined in the attached detail worksheet.

Fiscal Impact:

RDA Fund - \$13,997,989 Total Revenues; \$26,013,197 Fund Balance
Appropriation; \$40,011,186 Total Expenditures & Transfers Out

Recommendation:

Option 1: Adoption of the Vineyard RDA Fiscal Year 2022-2023 Budget as presented by staff.

Option 2: Adoption of the Vineyard RDA Fiscal Year 2022-2023 Budget as presented by staff, with changes recommended by the governing board.

Sample Motion:

Option 1: I move to adopt resolution U2022-06, the Vineyard RDA Fiscal Year 2022-2023 Budget as presented by staff.

Option 2: I move to adopt resolution U2022-06, the Vineyard RDA Fiscal Year 2022-2023 Budget as presented by staff with the following changes:

VINEYARD REDEVELOPMENT AGENCY RESOLUTION U-2022-06

A RESOLUTION OF THE VINEYARD REDEVELOPMENT AGENCY APPROVING AND ADOPTING A BUDGET FOR THE FISCAL YEAR 2022-2023.

WHEREAS, Section 17C-1-601.5, Utah Code Annotated, requires the Vineyard Redevelopment Agency (“Agency”) to prepare and adopt an annual budget for each fiscal year, which fiscal year is to be the same as the fiscal year of the city of Vineyard; and

WHEREAS, the Agency has prepared the budget for the fiscal year 2022-2023 which is attached hereto and incorporated herein; and

WHEREAS, the Agency has given due notice as required by statute and held a public hearing on May 25, 2022 for the Fiscal Year 2022-2023 Budget; now

THEREFORE, BE IT RESOLVED BY THE VINEYARD REDEVELOPMENT AGENCY AS FOLLOWS:

- Section 1. The Agency hereby adopts the annual budget for the Fiscal Year 2022-2023 which is attached hereto and incorporated herein.
- Section 2. In order to fulfill the Agency’s obligations under Section 17C-1-601.5(6)(a), Utah Code Annotated, the Chair or her designee, is hereby authorized and directed to file a copy of the budget with the county auditor, the State Tax Commission, the state auditor, the State Board of Education, and each taxing entity from which the agency receives project area funds. Pursuant to Section 17C-1-601.5(6)(b), Utah Code Annotated, the requirement of Subsection (6)(a) to file a copy of the annual budget with the state as a taxing entity is met if the agency files a copy with the State Tax Commission and the state auditor. This shall be done within 90 days after adoption of the Budget.
- Section 3. This Resolution shall be effective as of the date of adoption.

PASSED and ADOPTED by the Vineyard Redevelopment Agency Board this 29th day of June, 2022.
