VINEYARD CITY COUNCIL STAFF REPORT

Meeting Date: April 28, 2026
Agenda Item: Purchase Policy Draft Review
Department: Finance
Presenter:

Background/Discussion:

The City last amended its purchasing policy in 2022. As part of an ongoing effort to review and modernize the City's fiscal policies, staff has conducted a comprehensive evaluation of the existing purchasing framework to ensure it remains effective, efficient, and aligned with current best practices and applicable law.

The proposed updates are intended to improve clarity, strengthen internal controls, and provide greater flexibility for staff while maintaining appropriate oversight. Key revisions include restructuring the policy to better distinguish between governing policy and administrative procedures, allowing for more efficient updates to operational processes without requiring formal Council action.

Additional changes include refinement of procurement thresholds and approval authority, establishment of a standardized appendix for purchasing limits, clarification of procurement methods (including informal quotes, sealed bids, and requests for proposals), and expanded guidance related to professional services procurement. The revisions also enhance documentation requirements, strengthen language related to ethical standards and conflicts of interest, and provide clearer authority for the review and approval of change orders to ensure consistency with the original scope of work.

The updated policy also incorporates modern procurement practices, including recognition of cooperative purchasing agreements, expanded exception provisions with appropriate documentation requirements, and the ability to utilize alternative procurement methods when determined to be in the best interest of the City.

Overall, the proposed amendments are intended to provide a more streamlined, flexible, and defensible purchasing framework that supports efficient operations while maintaining transparency, accountability, and compliance with governing regulations.

Fiscal Impact:

Recommendation:

Staff recommends that the City Council review and provide feedback on the proposed purchasing policy updates. Direction from the Council will be used to refine the policy prior to bringing it back for formal consideration.

AGENDA

Presiding Mayor Zack Stratton

1. CALL TO ORDER/INVOCATION/INSPIRATIONAL THOUGHT/PLEDGE OF ALLEGIANCE

 Mayor Stratton called the meeting to order at 6:04 pm. He asked Terry Ewing to give the prayer. He gave the pledge and thought. He asked Council to be judicious in putting items on the agenda.

2. WORK SESSION

 Discuss Safety Improvement and Compromise for 400 S and Geneva Road to Main Street

Council Member Jacob Holdaway expressed concerns regarding safety in the area, specifically related to roadway alignment, parking availability, and access points. He recommended relocating

43 certain entrances and creating more clearly defined roadways to improve traffic safety and
44 circulation.

45 Council Member Holdaway discussed the need for additional parking, particularly near the 400
46 South Park area, noting that existing parking, including nearby Stake Center parking, is frequently at
47 capacity. He suggested exploring parallel parking along Geneva Road as a potential means to
48 increase parking availability.

49 He noted that Vineyard City owns approximately 10 acres in the area and discussed right-of-way
50 considerations, indicating a preference for maintaining a consistent 65-foot right-of-way where
51 feasible. He identified infrastructure gaps, including the termination of the bike path near the park,
52 conflicts between vehicles and cyclists, and pedestrian congestion on sidewalks. He emphasized the
53 importance of safe and equitable access for all users.

54 Two potential roadway concepts were presented for consideration: a wider roadway accommodating
55 a continuous bike lane, or a narrower roadway without a bike path. Council Member Holdaway
56 requested that the Council consider future improvements and the possible adoption of a resolution to
57 implement the proposed road alignments.

58 **Public comment.**

59 Mr. Holdaway stated that his intent was to improve safety along the roadway and noted they have
60 not discussed litigation with City officials. He expressed concern that existing bike lanes are
61 underutilized, particularly near the Stake Center, and indicated that children often ride on the
62 sidewalk instead due to safety concerns. The resident suggested removing the current bike lanes and
63 reallocating the space to create a wider, shared-use trail on one side of the road, citing similar trail
64 designs in other areas. He expressed support for trail systems and encouraged the City to pursue
65 practical, safety-focused solutions.

66  Mayor Stratton stated he was in negotiations with Orem. They were working on an interlocal
67 agreement. He asked that the council focus on what they could change.

68

69 Council Member Holdaway suggested that the fields not be booked for two events.

70 Council Member Nair stated that Vineyard had no say in programming for the park; Orem City
71 handled programming.

72 Council Member McCumber commented on lowering the budget. He stated that an expensive
73 infrastructure project doesn't align with council goals.

78

79 Mayor Stratton asked for a Mayor Pro Tem.

80

83 would like a continuance on the agenda items.

84
85 Council Member Lauret would like to discuss Resolution 2026-23. He was willing to continue the

111 **No:** None.

112 **Motion passed 5-0.**

114 all existing contracts, agreements, and vested property rights, and that any proposed resolutions
115 would apply only to new or renegotiated agreements where no such obligations currently exist. The
116 Council Member emphasized the City's commitment to transparency and outlined the typical
117 legislative process, including work sessions, public input, and subsequent consideration for adoption.
118 Due to perceived time-sensitive deadlines, the items were initially advanced; however, upon further
119 review, it was determined that most could be delayed without significant impact. The Council agreed
120 to continue most items to allow for additional review and public input, while proceeding with one
121 time-sensitive resolution to establish a framework for future actions.

122 3. PUBLIC COMMENTS

123 "Public Comments" is defined as time set aside for citizens to express their views for
124 items not on the agenda. During a period designated for public comment, the mayor or chair
125 may allot each speaker a maximum amount of time to present their comments, subject to
126 extension by the mayor or by a majority vote of the council. Speakers offering duplicate
127 comments may be limited. *Public comments can be submitted ahead of time to*

128 *tonyl@vineyardutah.gov.*

129

130 **Karen Cornelius Fellows** expressed concern for emergency vehicles having access on Vineyard
131 loop going west and turning off Main Street heading South. She also asked for clarification on
132 deadlines for agenda item 5.2. Her concern was that important deadlines were being missed.

133

134 **Daria Evans**, Villas. She thanked Monica Wing for her efficient help with a resident billing issue.
135 She said Vineyard has great staff! She appreciated that Council Member Lauret clarified her other
136 questions on whether old agreements would be upheld. She asked about the Planning Commission
137 being involved with the agenda items in the future. She wanted both the Planning Commission and
138 the Planning Department to be involved.

139

140 **David Pierce**, was concerned that there was no work session on the agenda items and that staff was
141 not involved in the issue. He felt major agenda items should go through a work session to inform
142 people about the issues.

143

144 He had questions about 400 S. From Holdaway Road to the west. He needed clarification on whether
145 the southern side stayed the same and the northern side changed. Council Member Jacob Holaway
146 said 400 S to Holdaway Road would have to be changed to a 65' road. He wanted East and West to
147 align.

148

149 **Pete Evans**, Utah City Development, was concerned about the strategic note in the resolution
150 materials. He did not like the term "countermeasures" against State law and felt that the statements
151 targeted Utah City.

152

153 Council Member Lauret said that language was removed. Council Member McCumber stated that
154 they were reviewing and rewriting the resolutions. He wanted the Council and RDA Board to retain
155 as much control as possible.

156

157 Mr. Evans said a submitted application should be judged by the rules at the time it was submitted.

158

159 Council stated that the current documents attached to the agenda were a draft and not the final
160 documents. Council Member Nair stated that he did not write any of the resolutions. A collaboration
161 of citizens and some council Members were drafting the resolutions.

163  Council Member Holdaway reiterated that the council was not here to take away any rights that
164 were already awarded.

166 negotiations with the School District and Utah City, noting that property acquisition was influenced
167 by the RDA. The speaker expressed concern regarding reimbursement obligations related to RDA
168 funds and the City's fulfillment of those commitments. They emphasized a desire for collaboration
169 among the City, developers, and businesses, and encouraged efforts to accelerate improvements on
170 the east side. The speaker also noted that increased sales tax revenue could help reduce property
171 taxes.

Mayor Pro Tem McCumber talked about SB-284 and the ambiguity they wanted to resolve.

4. MAYOR AND COUNCIL MEMBERS' REPORTS/DISCLOSURES/RECUSALS

5. BUSINESS ITEMS

5.1. Discuss SB-284 and Resolution Pack

5.2. Adopt Resolution 2026-23 to Establish a Complete Land Use Application and Applicant Vesting Control Policy.

Council Discussion Summary

Council Member Lauret stated that all existing development arrangements would remain in effect, and that any new development proposals would be required to come before the City Council. He emphasized that the proposed resolution was time-sensitive and noted the need for a document that would bind the Council, explaining that much of the content already exists within the zoning code, though some provisions may require further strengthening. He raised questions regarding requirements for a complete application package, the potential need for development agreements, and whether sufficient requirements are currently established within the Planning Department.

Mayor Pro Tem McCumber stated that the resolution helped define oversight, prevent vesting under minimal standards, and clarify the required process, including language addressing completed applications. He described the proposal as an interim policy to remain in effect until permanent regulatory updates are adopted. He questioned whether the resolution duplicated existing code and expressed concern about acting out of fear rather than necessity.

Council Member Wood felt an Ordinance would be a stronger choice than a resolution.

Ezra Nair expressed concern regarding the authorship and recommendation of the document and indicated that the language required improvement. He would like to see staff reports documenting the authorship of a document and who was giving the recommendations with supporting data. He stated that vested rights apply as of the time of application and questioned whether the resolution would impact any current applicants. He raised concerns regarding provisions in Part 2 and Part 4 and stated that the interim application process was not ready. He recommended staff consultation and review, as well as legal review to ensure litigation concerns were addressed and that the City Attorney was comfortable with the document's legality. City Attorney Riddle indicated a preference to keep the process internal to maintain greater control over City documents.

Mayor Pro Tem McCumber noted that the document should clearly apply prospectively only. He expressed a desire for all Council Members to provide input and acknowledged that all resolutions must be vetted and approved by the City Attorney. He cautioned against moving too quickly, overtaxing staff, and stated that while meeting a May 6 deadline was feasible, it would require close coordination between Council and staff.

211 City Attorney Riddle stated that there was no urgency requiring immediate adoption of the
212 resolutions. Mayor Pro Tem McCumber asked whether proposed resolutions could be forwarded to
213 staff for collaborative rewriting, referencing procedures that have been successful in prior code
214 revisions. The Council agreed.

215 **Motion:** Council Member Wood motioned to move Agenda item 5.2 to the next meeting.

252 The RDA Director Josh Daniels, provided an overview of the City's reimbursement agreements with
253 development partners, including Flagship. He explained that under existing agreements, the

254 developers front costs for infrastructure and environmental remediation, which are reimbursed by the
255 RDA after tax increment funds are received from the County.

256 RDA Staff reported:

- 257 • County tax increment funds are typically received in February.
- 258 • Annual reimbursement payments are generally issued during the first quarter or spring.
- 259 • Specific payment timing varies by contract.
- 260 • Environmental remediation reimbursements fluctuate based on work completed and expenses
261 incurred.

262 Council acknowledged that a significant amount of reimbursement payments are outstanding at this
263 time, noting this is consistent with the annual payment cycle. Council emphasized the importance of
264 maintaining strong relationships with development partners and issuing reimbursements in a timely
265 manner.

266 Council discussed recent audit findings that identified the need for improved internal procedures and
267 financial controls. Corrective actions were underway.

268 Council requested:

- 269 • Continued coordination with the RDA auditor,
- 270 • Additional discussion with the auditor regarding best practices, contractual obligations, and
271 staffing needs,
- 272 • That the auditor be invited to participate in an upcoming work session.

273 Council discussed options for additional staffing or advisory support to assist with RDA financial
274 oversight and audit preparation. Topics discussed included:

- 275 • Hiring city staff dedicated to RDA functions versus engaging independent contractors;
- 276 • Use of RDA administrative funds to support staffing;
- 277 • Distinction between administrative authority and legislative action;
- 278 • The need for transparency and public process in staffing decisions.

279 Council members stated that no formal vote has been taken on the structure, number, or type of staff
280 or advisors. They wanted staffing decisions of this nature to be discussed in a public meeting and, if
281 appropriate, acted on by the legislative body or the RDA Board.

282 Direction Provided:

- 283 • Schedule a future work session to discuss staffing structure and audit support in detail;
- 284 • Invite the RDA auditor to provide written or verbal recommendations;
- 285 • Include the Mayor in the discussion regarding preferred administrative or legislative process;
- 286 • Consider noticing the item for possible formal action, including reconvening as the RDA
287 Board.

288 Mr. Daniels advised that there may be sufficient administrative capacity within the current fiscal
289 year to support additional financial or accounting assistance, subject to Council direction.

290 Council requested that at a future work session RDA staff present current RDA budget status,
291 expenditures by category, staffing levels and recent changes, and projected impacts of proposed
292 staffing or advisory support.

293 **Public Comment**

294 **Nate Hutchinson** expressed willingness to collaborate with the Council on prioritizing future RDA
295 expenditures, including environmental cleanup and infrastructure projects. He noted prior councils
296 engaged in regular coordination meetings and emphasized the importance of timely reimbursement
297 payments.

298
299 **David Pierce** emphasized that any individual hired or contracted to assist with RDA matters should
300 have qualifications and experience in government finance, land use, or redevelopment financing.

301 Council members reiterated their desire to:

- 302 • Maintain transparency,
- 303 • Ensure compliance with best practices,
- 304 • Avoid perceptions of favoritism in hiring or contracting,
- 305 • Move forward with a clear and public process.

306 Council Member Nair thanked Utah City for being patient with the City.

307

308 **7. ADJOURNMENT**

309 **Motion:** Council Member Lauret motioned to adjourn.

310 **Seconded:** Council Member Holdaway

311

312 The meeting adjourned at 8:31 pm.

VINEYARD CITY COUNCIL STAFF REPORT

Meeting Date: April 28, 2026
Agenda Item: Update to Concessions Code
Department: Parks & Recreation
Presenter: Brian Vawdrey

Background/Discussion:

Vineyard City contracts with a semi-permanent Concessionaire and various Food Trucks each year to sell Concessions at Vineyard City Parks. Vineyard City Staff recommends that City Council approve for just one Food truck and one semi-permanent concessionaire to sell per approved park on weekdays and two Food trucks (one serving mainly desserts) and one semi-permanent concessionaire to sell per approved park on weekends. In addition, staff recommends that City Council approve for Concessionaires to pay seasonally, instead of monthly. This can help reduce unnecessary admin work for staff and obtain commitment by season instead of by month for Concessionaires.

Fiscal Impact:
